The Gothic

1931

Foreword

FEW REALIZE the great amount of labor involved in publishing a Year Book. I believe the result is well worth the effort. You have here in one volume the record of the achievements of your Class that will become increasingly valued through the years.

As a Class you enjoy the distinction of having been in the transition period from the old to the new order of events. As individuals you are now to experience another change when you leave this school and pursue your various ways.

With pleasant memories of your fine spirit of co-operation and with sincere wishes of success for the future, we who remain wish the Class of 1931 Godspeed.

Herbert T. Rich

Brighton High School

To the New School

Whence comest thou, like classic dream come true?
Of subtle grandeur, lofty majesty,
With cornice, arch, and graceful portico,
So like an ancient, half-lost memory.

Like lofty-vaulted castle, snowy white,
Of some forgotten prince, some feudal lord,
One half expects to see stern men-at-arms,
And hear a minstrel's song in haunting chord.

A guarded moat, a dismal dungeon-keep,
And men in jerkin, breastplate, pike and shield,
Grim, black-browed, leathern-visaged warriors,
Contented only on the battlefield.

What visions these for youthful, questing eyes,
What inspiration for achievement vast!
The Vision Splendid, may it never die,
The same dear Alma Mater to the last!

"Peg's" ambition is to live, love, and learn. She certainly is living—we all can see that! As for loving, well, Peg doesn't tell all her secrets. She shouldn't find it hard to learn, either, so it looks as if her ambition will be realized.

Clubs

The Boys' Council

The Boys' Council has been in existence for three years under the very capable leadership of Mr. Peterson.

The Council is composed of six seniors, four juniors, two sophomores, and one freshman. In the Co-operation Course there are two groups of councillors so that each week they will be represented. The Council has its own laws and has power to add new ones with the permission of the Headmaster. The purpose of the Council is to build up a strong spirit of co-operation between the pupils and teachers.

The officers of the Council are:

Peter Murphy, a Senior, President.

Alexander Vardack, also a Senior, Vice President.

Charles Wagner, a Sophomore of the Co-operative Course, Treasurer.

John Mills, a Junior, Secretary.

The Council has taken up many important things. The Council dues have been raised to five cents a month. The championship hockey team players were awarded their letters by Mr. Rich at a Boys' Assembly.

The activities that the Council has taken part in are: the Senior Class Party, given in the "Gym" for the members of the Senior Class; the B.H.S. Athletic Association Dance; and the Dramatic Club Play, "His Father Has Gone South."

The Council held its first "all boys" assembly in the Assembly Hall on April 27, 1931. The Councillors spoke on a strong spirit for the school and co-operation.

PETER MURPHY, '31

The Boys' Glee Club

The members of this year's organization have done much to surpass the performances of past clubs. They have not been in any outside public performances, but they have partaken in many of the entertainments and assemblies of the school. The most noted of their performances being at the unveiling of the portrait of Mr. Frederick Tupper, Head-master Emeritus of Brighton High.

To Mr. Joseph Gildea goes the credit of all the progress made in the organization. Although the club had rehearsals only once each week Mr. Gildea put in much of his spare time to get the boys ready for special performances. At these performances the solos were rendered by Richard Silvera, and David Zide played the piano as accompanist.

The club had a membership of about forty-five boys, which almost doubles the number of boys of the past few years. The senior members of the club were Richard Silvera, David Zide, Thomas Maxon, Paul Madden, Socrates Kouroyen, and John Zafferes. Most of these boys are charter members, as the club was only formed three years ago. Since the remainder of the club is composed of under-graduates, we wish them all the success possible in their progress of future years.

IRVIN GRAVIN, '31

The Commercial Club

The Commercial Club, which was organized last year to stimulate commercial education throughout the school, held its first meeting this school year November 10, 1930.

Miss Burpee, Miss Marshall, and Mr. Scanlon were present.

The officers elected were as follows:

Anna F. Lally, President
Irene Gannon, Vice President
Mary Brown, Secretary
Bertha Jones, Treasurer

At the next meeting our guest speaker, Miss Collins, from Wm. Filene Co., spoke to us on the opportunities of the various departments in the store which are open to High School graduates.

During the year, we elected a Constitution Committee which drew up the first constitution of the club, which was later adopted by the members.

Mr. Charles W. Hawkes, a representative of Sampson & Murdock Company, gave an interesting talk on "The Use of City Directories in Business Today."

The Club boasts of a membership of forty-two.

We hope that you, the Class of 1932, will join in a hearty cooperation to make a bigger and better Commercial Club this coming year.

ANNA F. LALLY, *President*

The Dramatic Club

The Brighton High School Dramatic Club has successfully completed its third year. We now proudly show an enrollment of some seventy members, girls and boys.

We congratulate the officers of the past year:

President, David Zide
Vice President, Mary Flynn
Secretary, Belzora Barnaby
Treasurer, Una Pinkham
on their efficient work.

May those to come follow in their footsteps.

Our treasury now has a substantial sum of money, and we live in ever increasing hope for more. Some of this money has been used to good advantage for charitable purposes.

Two plays were presented before the school "Valiant Hector," for the benefit of the Girls' Council Welfare Fund, and "His Father's Gone South," for the Boys' Council. Both proved interesting and reaped huge profits.

The meetings held during the assembly periods on Mondays, were entertaining as well as profitable, and drew forth a large group of students, many of whom were seniors and who now must leave this club in the hands of the next class.

We, the senior members of the Dramatic Club, wish the succeeding members the best of success.

ELIZABETH GORDON, '31

Girls' Council

The Girls' Council, although deprived of its former sponsor and originator, Miss Poor, is now flourishing under the guiding hand of its present sponsor, Mrs. Hill.

1931 Officers Elected:

President, Hazelle Young
Vice President, Dorothy Connors
Secretary, Grace McGilvray
Treasurer, Susan Iris Stewart

At the 1931 Massachusetts Student Council Convention, which was held at Everett High School and attended by the President and Vice President of the Council, and also two delegates from the Boys' Council, valuable ideas were interchanged for the betterment of all Councils.

Other 1931 activities sponsored by the Council include:

- The Senior Party
- The adoption of hostesses as an auxiliary body responsible to the Girls' Council
- The establishment of the Council Suggestion Box in the Girls' Lunchroom
- The "All Girls" Assembly in order to better acquaint the girls of the School with their Council

The Girls' Glee Club

The Girls' Glee Club of Brighton High 1930-1931 has, under the expert guidance of Mr. Gildea, reached new heights. With a record attendance of thirty members, meeting once a week after school, Mr. Gildea has found it possible to introduce many beautiful songs of all types.

The Club has made several public performances; one before the Girls' Council, the other at the unveiling of the former headmaster's, Mr. Tupper's, portrait. One of the final and most outstanding appearances was given in Boston at the Girls' High School, where the Club represented Brighton High. In each case the girls have been given a splendid ovation.

The Guides

As a visitor enters the front door, all others being locked after 9:00 A.M., he is confronted by a courteous guide who politely offers to show the visitor anything he wishes to see. After the stranger has concluded his visit, he is politely shown the nearest door.

There are about fifteen guides in all. These boys are well behaved, courteous, and polite, and always manage to have the visitor smiling as he is shown the door. Whether he is smiling at the guides or with them is something we guides shall never know.

Most of the visitors come to see some particular department or person, in which case he is shown his destination and left there; but some come to inspect the building. In that case, we start at the bottom and proceed up, first showing him the hall and gymnasium, then the automobile, cooking and sewing departments. On the second floor, he is shown the office, library, and the different rooms connected with the commercial course. And finally, on the third floor, he is shown the chemistry and physics laboratories and the art rooms. He is then shown out by the most convenient door, all doors opening from the inside.

Two guides are at the center door every period, so that when one is showing a visitor around, the door will not be left alone. When another visitor enters while one of the guides is busy, he is politely asked to sit down in a chair placed there for that purpose and wait until the other guide returns.

We enjoy rendering services as guides, and always try to give visitors a good impression of the pupils as well as of the building. The members of the faculty have occasionally expressed their appreciation of our efforts, and we hope that future guides will keep up the good standing.

JOHN ZAFFERES, '31

The Palette and Brush Club

For the first time in the history of Brighton High, an art club has been organized, sponsored by Miss Loring. Although, at present, the group is small, we entertain hopes for its growth as it becomes better known and more firmly established.

The members are mainly upper class pupils, and we take this opportunity to extend an invitation to the lower classes to join. An A or B in art is the only requirement.

The meetings, held every second week, are very informal, and, after the usual business procedure, each student continues his work independently. Studies in light and shade; with chalk, charcoal, and pastels are in high favor for use in representing sculptured figures and still life compositions. Preparations are being made for a spring exhibit.

This is a splendid opportunity for students who have interest and ability to become better acquainted with phases of art with which they do not come in contact in the regular art course.

The Salesmanship Club

To enter into a larger field in the study of salesmanship, the graduates of this course have decided to form a club, namely, "The Salesmanship Club." This is the first organization of its kind in the history of the school.

Under the guidance of our teacher, Mrs. Clara Hill, it has been organized, but as yet our regulations are indefinite. The Club is to be both social and educational, and is to be centered around our increases of business interests. At our first meeting we selected the following students as officers:

Thomas Reilly, President
Patrick Nagle, Vice President
Gertrude Curley, Treasurer
Helen Mackie, Secretary

Also a program committee, chosen each month to carry out the entertainment and work at the meetings.

The purpose of this Club is to keep our contacts, one with another, alive and valuable.

Social meetings have been held in the Library, and auctions have been successfully managed, too.

The officers for this year have been:—President, Felix E. Falkson, '31; Vice-President, Norman Kornetz, '31; Secretary-Treasurer, Joan Eames, '33; Auctioneer, Max Mitchell, '32. Senior members have been: Socrates Kouroyen, Raymund Minsky, Felix Falkson, and Norman Kornetz.

The Club has furnished many entertaining and educational features for the school's enjoyment. During the year exhibits of stamps of our members have been placed on the bulletin boards, and have been well received. Special credit is due to the following for their contributions: John King, for his fine envelopes in the exhibit of United States Covers from 1845-1900, and also to Joan Eames for her excellent copies in the same exhibition. For the first time in American postage history, our country has honored two foreigners by placing their likenesses on stamps. They are General Von Steuben of Germany and General Casimir Pulaski of Poland, war heroes of Revolutionary fame, who helped much toward our country's peace An exhibit of the new Pulaski stamps was recently on view.

The entire purpose of the Club has been "to furnish wholesome social entertainment for its members and to promote the study of philately and all arts and sciences in any way related to it."

Brighton High School Orchestra

Under the personal supervision of Mr. H. Dana Strother, this organization has turned out some fine performances of classical and "light"-classical music. Starting with a very small nucleus of veterans, it has become one of the largest groups of its kind in the history of the school. Girls as well as fellows have made up its membership. Several of the outstanding musicians who helped put the orchestra in the foreground are: Beatrice Einstein, Stella Homkowycz, Eugene Long, Joe Neilson, Mark Lyons, Jim Cahoon, Helen Plasm, Elinor Vieneau, Les Martinson, Tom Higgins, William Babcock, Mike and Frank Yonika, Dominic Severino, Dave Zide.

Many school assemblies and performances have been made more pleasant by the accompanying musical strains of the players. The orchestra's most notable exhibitions were at the unveiling of the portrait of Mr. Tupper, at the Evening School graduation, and at the Senior Imp Show. In closing, let us hope that many of these musical artists carry on and attain even higher fame in their undertakings.

A Defense of the Younger Generation

Parents, Friends and Candidates for the Great Slaughter:

Now that we have completed our high school course of education, it is altogether fitting and proper that we should discuss a question that always has been of universal importance. Namely: "Is the criticism directed against the actions of the younger generation wholly justified?" I say that it is fitting and proper that we discuss this question because we of the graduating class are deeply concerned, being members of that younger body of people.

The boys and girls of today have been under fire constantly during the past year. So many articles have appeared in our newspapers and magazines, tending to show that the rising generation is part human and part Satanic, that we welcome this opportunity to say a few words in our own defense.

We have read sensational criticisms of modern youth. Some have stated that the great moral question of the day is: "What is wrong with our young folks?"

If we ask Dad he may say—"Not enough responsibility. Why when I was a boy—" and so, on and on, and on. Mother's reply, "Well to tell you the truth I really don't see what all the big rush is about." And Grand-dad—"The younger generation? Humph! Humph!"

Now at the very outset let me say that modern youth is weary of its critics. Some critics tell us that things are getting worse from day to day, that the automobile has made possible things that were never even dreamed of in those much talked of "good old days," that speed is the key-note of our lives; others declare that love of pleasure and of luxury has become an epidemic, that the vast multitude has banished idealism and usefulness, and has refused to take life seriously save under the compulsion of some great catastrophe, and that foremost comes Jazz.

In answer to the statement that speed is the key-note of our lives, may I state that the pace set by the youth of today is not too fast. With the advent of rapid transit, the automobile and the aeroplane making 250 miles an hour, quick, accurate thinking became absolutely essential. And when I say essential I mean not essential for pleasure but necessary for human progress in our day.

What wonder, therefore, if the youth of today moves rapidly! Must we conclude that speed is the key-note of his life, or rather may we not say that speed is necessary for his every day activities? Perhaps the one who complains the most is he who is too slow for our times.

Is Jazz foremost in our lives? I shall ask you of the past generation to answer that for yourselves. Is a Jazz dance more exciting, more speedy, more exhausting than a Virginia reel? If we may judge by the prancing of some older couples that we have seen attempting a modern dance, we may rightly say, after observing their gyrations, that our modern dances are slow of action.

Many of our critics, who make a business of censuring younger people, conveniently forget some little escapades that occurred in their own youth. As far as manners and morals go, some older people should not take the slipper in hand until they have wiped the mud off it. I believe that much of the criticism is due to the natural antagonism that has existed and that always will exist between the young and the old.

At heart, the youth of today is sound. Its overflowing life and spirits express themselves in a little different way, but it is the same kind of life that is the possession of youth in all times. It is subject to excess, but not more so today than yesterday.

The young man or lady of today may lack some of the courtesy for his elders, which belonged to the youth of yesterday; but at heart the youth of today has just as much respect for his elders that deserve it as the youth of the past. In addition, however, he has a self-reliance, and an insatiable curiosity which will send the next generation ahead of the civilization of yesterday. The excitable rush of modern youth carries us on, not to revolution, but to a bright and alluring future.

Fortunately for us, many observers assure us that out of the general upheaval there is emerging a really splendid type of young manhood and womanhood—a finer type, indeed, than has evolved hitherto. That is the opinion of President Murlin of Boston University, who says, "That students were never so ready to follow the right sort of leadership, never so responsive to ideals, were never more earnest in devotion to vital instruction, were never more responsive to all the higher and finer ideals for which every college stands."

We stand here to protest against the unjust criticism that has been heaped upon our heads by those who neither know nor understand us.

Though the pessimists rant and the critics croak to their hearts' content, the present youth of the land is growing into the wisest, most virile, most versatile, most capable, and most useful generation since history started.

Parents and Friends:

There is nothing wrong with modern youth. They are merely receiving the impetus that will send them through the rough to the stars. They are learning to care for themselves, in that great struggle that is yet to come. By the training which they have received from their teachers and their churches and you, their parents, they will surely fulfill your lofty expectations.

Reveille and Taps

Reveille was blown for us three years ago;
Awake, we turned our faces toward the sun,
And we who, sleeping, stirred, we grieve to know
That now blue twilight falls—our day is done.

A fragment of our lives we've lived together,
We've walked a way we shall not walk again.
And as we passed, we dropped an orange feather
To mark the spot where golden youth had been.

We found new joys, we solved new problems; anew
From thoughless childhood to maturity.
Our eyes saw clear; a finer code we knew
For wiser lips taught truth and purity.

As others went before and blazed the trail,
We marked the path for those who follow after.
Dull, sordid thought we put beyond the pale,
We raised a shrine to beauty—and to laughter.

All greater life we've lived in this short span,
All joy and some of sadness have been ours.
For sweet and bitter both makes up God's plan,
And stony are the ways where grow the flowers.

Reveille awoke us; glad we forged ahead.
Achievement summoned, beating like a drum.
Up through the years to topmost goal we sped—
And now we would retrace the miles we've come.

The sun is setting on the height we hold,
And loftier heights are for our youth to take.
A bugle low sounds taps in notes of gold—
We wait another, greater dawn to break.

How It Is Done

It is an intensely interesting business, this managing a miniature periodical. As in every other occupation there is a certain combination of materials which will insure success. In this case, take one person afflicted with itchy fingers, a blank sheet of paper, and a pencil—stir briskly and shake down. When the mixture ceases to effervesce, add one capable and far-sighted teacher to balance ingredients, and the work has only just begun.

At the beginning of the year, the main difficulty is to get things started. A magazine must, literally, have a staff to lean on. The selection of these invaluable helpers is a process of picking the best and then eliminating the next-best. It is not easy. Matters are so arranged that Sophomores and Juniors are put in line for later Senior positions on the staff, and thus the most helpful and gifted contributors receive their rewards. May we mention at this point that the greatest thrill of working for this magazine is that of seeing one's name in print, especially if the attempt to arrive at this goal has been a long and tedious one. And if a student is so fortunate as to have his words highly appreciated and continually accepted through his high school years—even then, the thrill never grows less. It is a recurring miracle, something to be viewed pridefully, especially if the continued effort to "get into print" has noticeably improved one's writing technique. To one who has worked up from a hopefully contributing Sophomore to a Junior with a purpose and has finally achieved the final glory of Seniority and the editorship, the magazine becomes something more than merely a "school paper"; it is a lesser phase of a career dimly viewed in the future.

At the earliest possible moment after the staff is selected, the entire school is canvassed for subscriptions—another life-giving ingredient. To aid in this task, an editor in each room is appointed to collect subscriptions and often to act as buffer between a room full of debtors and the impatient Business Manager. This latter executive and his staff are meanwhile soliciting advertising matter from the business men of the community. The amount of advertisements secured is an important factor in the success of a magazine.

With the financial end well in hand, the body of the magazine begins to take form. The heads of the various departments are given lists of dates upon which they are expected to have their material ready for the press, and these dates represent a schedule arduously worked out. Another task assigned to staff sleuths is to ferret out those modest students whose contributions go far toward building up our periodical. As the fatal day draws near, there is a near-panic in the ranks of the faithful; neither time, tide, nor the press wait for any delinquent scribbler.

The middle of the year, however, presents a different aspect. The newness of the situation has worn off, and the self-importance gained with the assumption of office has received many a jolt; responsibility sobers the frivolous mind. Things go smoothly now. On the appointed day, material comes pouring in, having been first corrected by the teacher who stands behind the head of every department. The "stuff" is typed by secretaries, recorrected, arranged in the order desired, and taken to the "Item" office. Approximately a week later, the rolls of dummy and proof come back from the printer, and then begins the tedious task of correcting proof and dummy, cutting up the dummy, and making up the magazine (using an old issue) exactly as we desire the finished product to look. "Dummying" is a song of paper and pins, measuring and moaning, and many a sad story might be told about the furious struggle to get the greatest possible number of lines into the allotted space. Bisected sentences give a ludicrous effect.

Of course, while the student staff is moaning over the work assigned to it, the greater part is being accomplished silently and efficiently by the teachers. All due praise goes to those members of the faculty who give so unsparingly of their time and effort to make the "Imp" a success.

May it ever continue thus, and may the Muses be kind to our worthy successors.

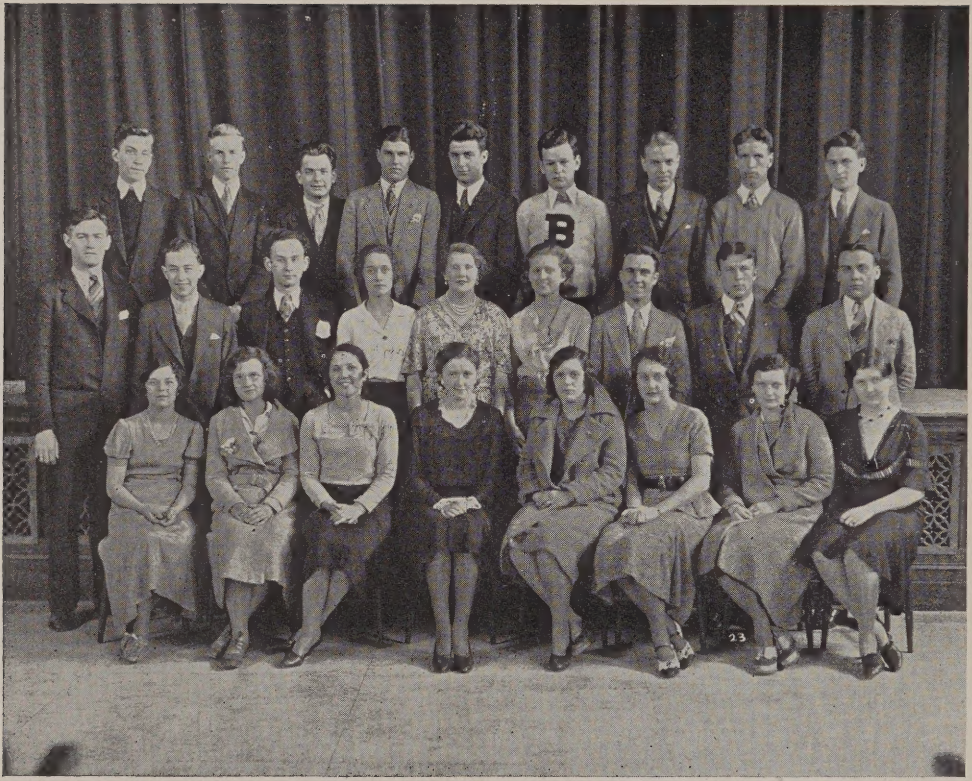
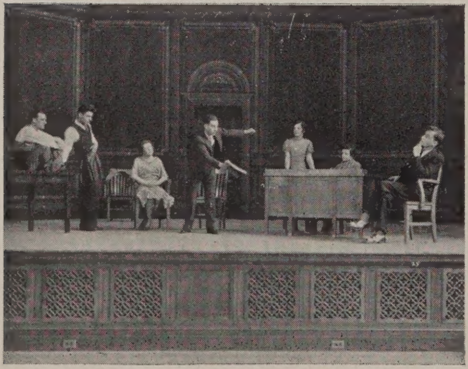
Imp Show





Imp Show

The presentation of the annual "Imp Show," took place on Friday, May first, in the Brighton High School Auditorium. The play was entitled "A Tailor Made Man," a comedy in four acts.

The story deals with the efforts of John Paul Bart to acquire fame, which he does in a most entertaining way. On a mere dress suit which enabled Bart to attend a party at the exclusive Stanlaws, hangs the tale. Here Bart meets the great financier, Nathan, and ingratiates himself into society with Nathan's patronage. Humor is introduced through the part of Dr. Sonntagg who is Bart's rival in love. The story ends happily with Bart returning to his first friend, his former employer's daughter.

To the coach, Mr. McInerney, the entire cast extends its sincere and heartfelt appreciation.

Music by:
David S. Zide

I

The hours we have spent have been gladsome
But those gladsome days have gone;
The future stands at the portal
And calls us to journey on.

REFRAIN

We have lived for the Black and Gold,
We have helped to build its name,
We are leaving now, but we shall not forget
That the lives we live must carry on its fame.
The Visions Beautiful before our dreaming eyes.
We gain the peak where long-sought treasure gleaming lies.
O—Brighton hear our song—
Faithful till valor dies.

II

Our youth and our love we are leaving
And our hearts we're offering too.
May our deeds, not words, dear Brighton,
Be our sacred pledge to you.

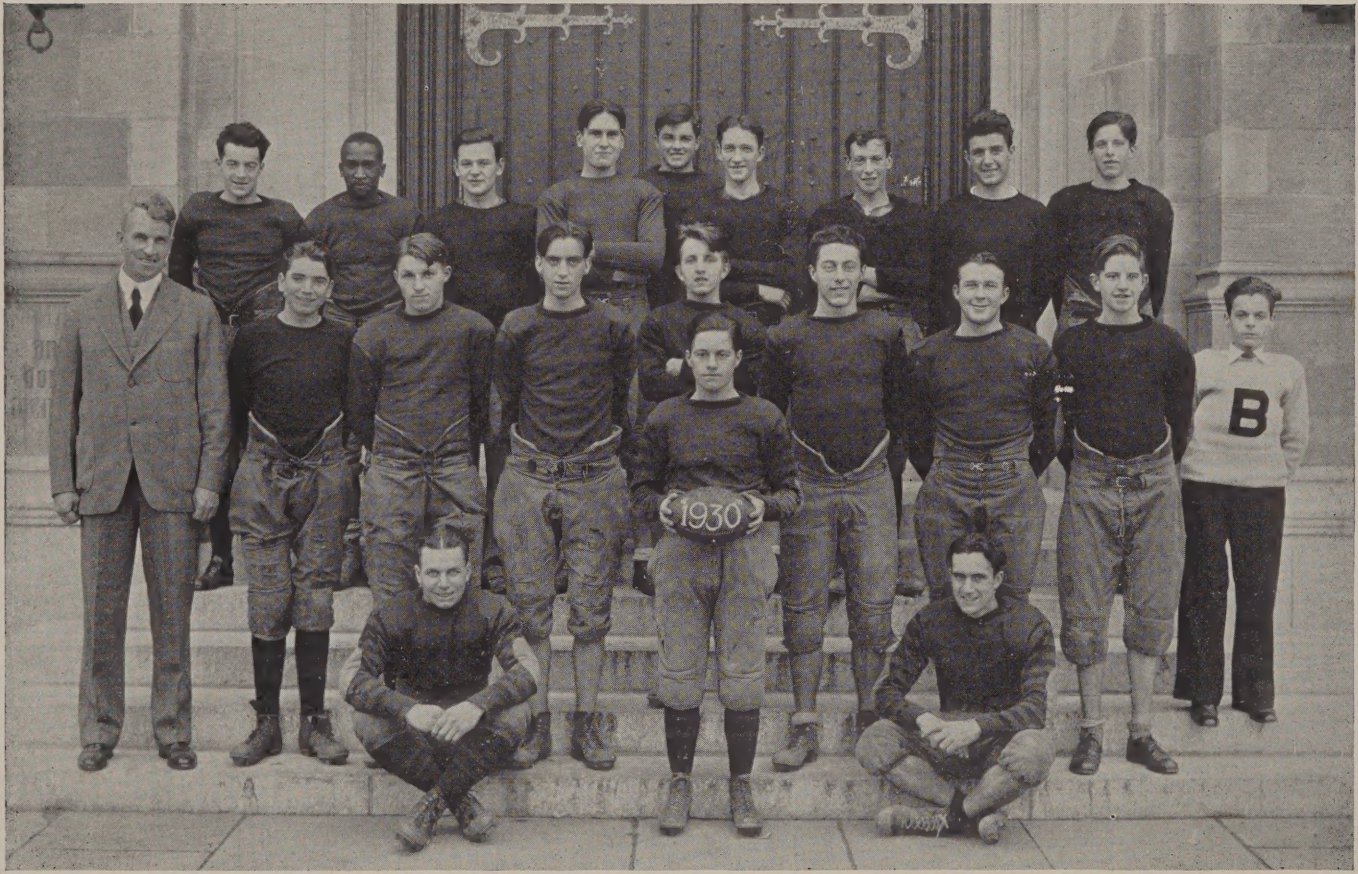
The Football Squad



Football

Coach Scanlon's call for football candidates was answered by sixty eager gridsmen. The first few weeks were spent in organizing the team.

Soon the boys were in fine fettle for their opening conflict with the famed English High. Coach Scanlon was prepared to send a fighting machine on the lime-lined gridiron. Lally and Wilson were the able wingmen. Berkeley, at center, formed the nucleus of the team with the support of Sullivan and Berson as guards. Mills and Brady sustained the tackle posts. The ball-toters were Murphy, Daley, White, and Vardack. After staging a game but futile battle against English with its hordes of substitutes, we were handed a 9-0 reverse.

The second game of the season with Mechanic Arts, although a scoreless tie, was in reality a victory for Brighton. By virtue of our aerial attack, we threatened to score throughout the game, but lacked the final punch to put the "porkskin" over.

The next fracas, with East Boston, found us on the heavy end of a 6-0 score. We had hit our stride. The entire game was a bitter battle. We scored our touchdown by pounding our way viciously down the grid and over the goal-line in the opening quarter.

In the following game, we faced South Boston. The teams were well matched. At the close of the first half, a long pass over our defensive half-back's head produced the only score of the game. Throughout the game our eleven gridsters fought desperately, but to no avail, as the fates were against us.

Our huskies, re-enforced by Harrington, Plenty, Mailly, and Moore, then battled Roxbury Memorial. On the third play of the game, "Joe" Harrington raced around left end and dashed madly for the goal-line, thirty-five yards away. He topped off this lightning touchdown by kicking the point. In the closing moments, "Joe" tossed a long forward to "Piker" Lally who, by a marvelous catch, scored the second touchdown. The pass for the point failed. Thus the game ended 13-7, after our subs had been scored upon late in the last quarter.

Jamaica Plain, our traditional rivals, were next on our schedule. We were handed a 7-0 upset, when the breaks turned against us. A total of twenty yards in penalties directly led to the only score against the fighting "Orange and Black."

In the next and last skirmish of the season, we closed a hard-fought schedule successfully, by humbling Charlestown to the depths of a 13-0 defeat. The first touchdown terminated a seventy-yard battle for the goal-line. The second score resulted from Mailly's recovery of a punt muffed by Charlestown in the shadow of their goal-posts. Ryan, a new full-back, tore the Charlestown frontier to shreds as he ploughed his way over the line.

Our 1930 eleven, composed of a large majority of green men, proved itself truly representative of Brighton by turning in a fairly successful record against veteran elevens.

The men on the squad were: McCarthy, Moore, Brady, Buxbaum, Lally, Mills, Berkeley, Dogan, Berson, Mansell, Harrington, Ryan, Mailly, Plenty, Doyle, Wilson, O'Brien, Holmes, White, Regan, Carter, Pease, Manazir, Sullivan, Daley, Murphy, and Vardack.

The letter men were: Brady, Buxbaum, Carter, Dogan, Driscoll, Holmes, Lally, Mailly, Manazir, Mansell, McCarthy, Moore, M., Murphy, Mgr. O'Kane, Pabian, Plenty, Regan, Ryan, Sullivan, White, Daley, Harrington, Captain Murphy, O'Brien, and Vardack.

"Johnny" Moore, stellar defensive back, was elected captain for the 1931 football machine.

ALEXANDER VARDACK, 1931

Girls' Athletic Club

The Girls' Athletic Club, which is composed of girls from all the classes, has had a very successful year, under the supervision of Miss Maguire, Miss Rockwood, and Miss Poor.

At the first meeting, an election of officers was held, and the following were chosen:

President—Doris Sullivan
Secretary—Rita Kannaly
Vice-President—Virginia Arnold
Treasurer—Mary Connors

Meetings were held regularly every fourth Monday. A Constitution was drawn up and adopted by the members.

A new sport, which everyone has long longed for has been added this year—Basket-Ball. This team is composed of Juniors and Seniors who adopted the names of "Wizzards" and "Everreadys." Competition games between the two teams are held every Wednesday in the Gym.

The other sports which have attracted a large group are: Tennis, bowling, skating, swimming and hiking.

While the beginners in tennis are becoming acquainted with the game, others are struggling hard to improve their strokes for the fall tournament.

Another group attended the Boston Arena, where they enjoyed the lively skate to music.

Bowling has also received much of the girls' attention. Each struggles in vain to reach a higher score than her friend.

To be sure, these sports have proven to be most profitable and helpful both physically and mentally.

However, we owe much appreciation to our teacher advisers; Miss Maguire, Miss Rockwood and Miss Poor.

The Senior members of the Club are: Julia White, Madeline Hussey, Helen White, Dorothy Reed, Gertrude Curley, Alice Dillon, Irene Gannon, Lois Fogg, Dorothy Smith, Doris Sullivan, Jane Ciriano.

Hockey

Brighton started the hockey season by beating East Boston 1-0. The scoring was done by Joe Harrington on a beautiful pass from Pete Murphy.

In the second game of the season, Brighton beat Commerce 4-1. The scoring started late in the first period when Joe Harrington scored unassisted. In the second period, Pete Murphy and Joe Harrington combined to score the second and third goals. The fourth goal was scored by Mills, our defense man, on a fast solo down "center ice."

In the third game, Brighton beat Memorial 2-1. The first goal was made by Berkeley in the first period. The second score came on Harrington's solo dash down the ice.

The next battle was with Charlestown and one from which Brighton emerged victoriously with a score of 5-0. In this game, Pete and Joe divided the honors, the former scoring three times and the latter twice.

Because of the great work of the defense men, Mills and Berkeley, the enemy could not score. If they did manage to get past, they were met by the invincible Jim Wallace at goal.

However, our next game found us on the short end of a 1-0 score with Jamaica. This was, without a doubt, an "off" day for the boys. In spite of this setback, the boys returned in the next game and beat Hyde Park 1-0. "Speed" Berkeley did the scoring on a pass from Murphy.

The hockey team wound up the season by beating Boston College 1-0.

This victory put Brighton in a deadlock with Jamaica for the Boston Hockey Crown. Captain Murphy, with his lone tally against B. C. High, jumped into a tie with "Joe" Harrington for high scoring honors. In addition to this achievement, both "Pete" and "Joe" were chosen for the All-Boston Sextet and turned in a good performance against the All-Scholastic hockey men.

This ends a particularly successful season under the regime of Coach Murphy.

The boys who helped make this such a successful season are: Charles Magner, Dan Donahue, "Sox" Kouroyen, and Paul Daly.

Girls' Tennis

When one has put in a hard day's study, a set of tennis furnishes delightful relaxation. That is why we have tennis here in the Brighton High School. The day set aside for tennis is Thursday after school and beginners are most cordially invited to attend these afternoon sessions. The teacher in charge is Miss Maguire, a most wonderful instructor. She goes through the strokes with the girls who are beginners and they practice till they get the knack of it. Once the player has an idea of the stroke, it is up to himself to master it. Then the more experienced ones get a chance, too. Now, there are plenty of good players in Brighton High and when I say good I mean nothing else. Of those who have graduated Vera Haner won the tournament in 1929. In 1930 Virginia Arnold, a sophomore and the City Champion, stepped forward to fill the vacancy made by Miss Haner's graduation. Miss Arnold won from Miss Erma Swanson,, who played a wonderful game. Now the question is, "Who will be champion of 1931?" That will be settled by the tournament which will take place early in the spring. Any girl may enter and extra credit will be given to the persons who are on the top. A girl may need a point to graduate. The best thing to do is to obtain 57 hours of tennis and a diploma point may be gained. What could be easier? And the game is so much fun.

The following are the names of the senior girls who attended the afternoon sessions of tennis on Thursdays:

To Brighton High

Music by JOSEPH H. GILDEA

Words by ELVIRA B. SMITH

I.

Hail, dear Alma Mater,
Mother most benign,
Dwelling here in glory
In this home of thine!
Here our Country's Father
Viewed our landscape fair
Saw our Brighton hill-tops
And Charles River there.

Chorus

All thy children hail thee
Brighton High, we love,
Nigh a century pointing
To far heights above.

II

Hail most noble Mother,
Whose home draws all eyes
As did fair Athena's
'Neath the Attic skies
Virgin wise, she summoned
All the maids and youth,
Flower of ancient Hellas
Lovers all of Truth.

Chorus

All! Hail, noble Brighton
On thy hill-slope green
To thy shrine our chosen
Come with earnest mien.

III

Hail to thee, loved Brighton
Proud of thy past fame
Thou hast nurtured thousands
Who revere thy name,
In the years approaching
May thy children come,
Like a mighty army,
Up to thy new home.

Chorus

Hail, Oh, glorious Brighton
Pride of every heart,
Lifting high thy banner
Doing well thy part.

Alma Mater

Tune: "The Battle Hymn of the Republic"

Words by J. MARJORIE BAILEY

I

Alma Mater, we came bringing dreams and visions of our youth;
Eagerly we crossed thy threshold, young adventurers, seeking Truth:
Here we gained a loftier purpose, here our challenge found reply;
We thank thee, Brighton High!

Chorus

Cheer, O cheer for Brighton High School!
Honor to the Black and Orange!
Sing her praise in joyful chorus,
And cheer for Brighton High.

II

Proud above the verdant terrace thy majestic towers rise,
And we hold thy mystic beauty white before our yearning eyes.
Ere we turn with high endeavor to the new roads we must try,
We praise thee, Brighton High!

III

Thine the shining goal before us, Alma Mater of our hearts;
Ours the guidance of thy wisdom when we seek life's busy marts;
May we strive by our achievements thy Fair name to glorify:
We love thee, Brighton High!

Could You Imagine?

Betty Cummings agitated or wildly gesticulating?
Arlene Mitchell when she wasn't the efficient business woman?
Alice Gordon meek in class?
Betty Smith when she wasn't the gracious charmer?
"Bonny" Bontempo taking a back seat in class?
Al Vardack going through a day without being kidded?
Doris Sullivan a foot taller?
Gresham Dame without her baby voice?
Joe Harrington without a baseball-bat or pig skin?
Nancy Lally without her dimples?
Grace McGilvray when she wasn't personifying popularity itself?
Rita Quinlan when she wasn't perfect in manners?
Elsa Weidhorn as the demure young thing with the drooping lashes?
Joe Sullivan when life wasn't a joke to him?
Irvin Gravin in dungarees?
Elinor Mooney behaving in the ten minute period?
Peg Lohan not lending Miss O'Neill a helping hand?
